Commercial Property Planning Guide

A practical resource for an informed conversation. Work at your own pace and verify the details that matter to you.

Define the property brief

☐ Describe intended use, acquisition or leasing objectives, location requirements and timing.

☐ List space, access, parking, loading, utilities and operational requirements.

☐ Identify decision-makers, legal entities and approval responsibilities.

Questions for qualified advisers

☐ Verify permitted use and zoning with the appropriate authority.

☐ Ask legal and financial advisers about lease terms, operating costs, due diligence and obligations.

☐ Review condition, environmental concerns, accessibility and specialist inspections as appropriate.

Your planning notes

Compare without assumptions

☐ Record the source and date for every property fact.

☐ Separate asking terms from independently verified costs.

☐ Do not rely on projected returns, occupancy or market claims without evidence.
