Home Selling Preparation Checklist

A practical resource for an informed conversation. Work at your own pace and verify the details that matter to you.

Begin with your priorities

☐ Clarify your preferred timing, next housing plans and decision-makers.

☐ Gather property records, warranties, permits and available maintenance information.

☐ Ask your agent about required disclosures; seek legal advice where needed.

Prepare the property thoughtfully

☐ Prioritize safety, maintenance and presentation before optional cosmetic work.

☐ Discuss repairs, photography access and showing arrangements.

☐ Protect valuables and personal information during marketing and visits.

Your planning notes

Build a supported strategy

☐ Review current, relevant property information rather than a guaranteed value estimate.

☐ Ask how pricing, marketing, feedback and adjustments will be reviewed.

☐ Compare offer terms, contingencies and timing with qualified guidance.

Priority or question	Source / next step	Responsible person

Agent / brokerage: _____
Contact details: _____
Required local and brokerage disclosures: _____

Educational planning information only; not legal, tax, lending, engineering or investment advice. No property facts, valuation or outcomes are promised. Replace the blank branding and disclosure fields using an approved subscriber Brand Kit before sharing.
